Independent Auditor's Report

To the Honorable President and
Members of the Town Council
Town of Hopkinton, Rhode Island

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of the Town of Hopkinton, Rhode Island, as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the Town of Hopkinton, Rhode Island's basic financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of the Town of Hopkinton, Rhode Island, as of June 30, 2013, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, budgetary comparison information, and supplementary pension information on pages 4 through 12 and pages 43 through 46 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Hopkinton, Rhode Island's basic financial statements. The combining nonmajor fund financial statements and tax collector's annual report are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining nonmajor fund financial statements and tax collector's annual report are the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion the combining nonmajor fund financial statements and tax collector's annual report are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The Statistical Section has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 25, 2013 on our consideration of the Town of Hopkinton, Rhode Island's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. The report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town of Hopkinton, Rhode Island's internal control over financial reporting and compliance.

TOWN OF HOPKINTON MANAGEMENT'S DISCUSSION AND ANALYSIS

Management of the Town of Hopkinton provides this Management Discussion and Analysis of the Town of Hopkinton's Annual Financial Report for the readers of the Town's financial statements. This narrative overview and analysis of the financial statements of the Town of Hopkinton is for fiscal year ended June 30, 2013. We encourage readers to consider this information in conjunction with the additional information that is furnished in the Town's financial statements, which follow.

FINANCIAL HIGHLIGHTS

- At the end of the current fiscal year, total fund balance for the General Fund was \$5,114,497 or 20.86% of total 2013 budgeted revenues. This is an increase of \$554,300 from the prior year total fund balance.
- The total unassigned fund balance of the General Fund is \$4,655,353 or 18.99% of total 2013 budgeted revenues. This is an increase of \$799,761 from the prior year unassigned fund balance.
- The total assigned, committed, restricted or nonspendable fund balance of the General Fund is \$459,144. This is a decrease of \$245,461 from the prior year total assigned, committed, restricted or nonspendable fund balance.
- The Town General Fund ended fiscal year 2013 with a budgetary operating surplus of \$565,517.
- The total bonded debt amount of the Town of Hopkinton decreased by \$160,071.
- As reported in the government wide financial statements, the assets of the Town of Hopkinton exceeded its liabilities at the close of the most recent fiscal year by \$10,186,431. The Town's capital asset base has been developed from both current operations and debt. The Town has recorded its property and equipment at original values in order to insure proper asset management.
- The Town's total net position increased by \$760,313 for the fiscal year ended June 30, 2013.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Town's annual audit report. The financial section of this report consists of four parts – management's discussion and analysis (this section), the basic financial statements, required supplementary information, and other supplementary information that includes combining statements for non-major governmental funds.

- The first two statements are government-wide financial statements that provide both long-term and short-term information about the Town's overall status.
- The remaining statements are fund financial statements that focus on individual parts of the Town government, reporting the Town's operations in more detail than the government-wide statements.

- ✓ The *governmental funds* statements tell how general government services like public safety were financed in the short term as well as what remains for future spending.
- ✓ *Proprietary fund* statements offer short and long term financial information about the activities the government operates like businesses, such as the water system.
- ✓ *Fiduciary Fund* statements provide information about assets that are held by the Town as a trustee or agent for the benefit of someone or something other than the Town itself. The Town cannot use these assets to support its own programs.

The financial statements also include notes that provide more detailed data about some of the information in the financial statements. The statements are followed by a section of required supplementary information that further explains and supports the information in the financial statements. Figure A-1 shows how the required parts of this annual report are arranged and how they relate to one another. In addition to these required elements, we have included a section with combining statements that provide details about our non-major governmental funds, which are added together and presented in a single column in the basic financial statements.

Type of Assets/ Liability Information	All assets and liabilities both financial and capital, and short-term and long-term	Only assets expected to be used up and liabilities that come due during the year or soon thereafter; no capital assets included	All assets and liabilities, both financial and capital, and short-term and long-term	All assets and liabilities, both short-term and long-term; the Town’s funds do not currently contain capital assets, although they can
Type of inflow/ Outflow information	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year, expenditures when goods or services have been received and payment is due	All revenues and expenses during the year, regardless of when cash is received or paid	All additions and deductions during year, regardless of when cash is received or paid

Figure A-2 summarizes the major features of the Town’s financial statements, including the portion of the Town government they cover and the types of information they contain. The remainder of this overview section of management’s discussion and analysis explains the structure and contents of each of the statements.

Government-wide financial statements – The government-wide statements report information about the Town as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the government’s assets and liabilities. All of the current year’s revenue and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the Town’s *net position* and how they have changed. Net position – the difference between the Town’s assets and liabilities – is one way to measure the Town’s financial health, or position.

- Over time, increases or decreases in the Town’s net position are an indicator of whether its financial health is improving or deteriorating, respectively.
- To assess the overall health of the Town you need to consider additional non-financial factors such as changes in the Town’s property tax base and the condition of the Town’s roads.

The government-wide financial statements of the Town are divided into three categories.

- *Governmental activities* – Most of the Town’s basic services are included here, such as the public safety, public works and general administration. Property taxes, charges for services and state funding finance most of these activities.
- *Business-Type activities* - The Town operates a Water Fund which accounts for the purchase of water from the Town of Richmond, which it sells to Town users.
- *Component units* – The Land Trust is deemed to be a component unit.

Fund Financial Statements – A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The fund financial statements focus on individual parts of the Town government, reporting the Town’s operations in more detail than the government-wide statements. All of the funds of the Town can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds. It is important to note that these fund categories use different accounting approaches and should be interpreted differently.

Governmental Funds – Most of the basic services provided by the Town are financed through governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, the government fund statements focus on near-term inflows and outflows of spendable resources. They also focus on the balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the government’s near-term financing requirement.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government’s near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and the governmental activities.

The basic governmental fund financial statements are presented on pages 15 through 18 of this report.

Proprietary Funds – The Town maintains one type of proprietary fund. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The Town has one enterprise fund. A brief description follows:

Hopkinton Water Supply – the Town has a municipally owned water system. It buys water from the Richmond Water Supply Board and bills the recipient waterline residents.

The basic proprietary fund financial statements are presented on pages 19 through 22.

Fiduciary Funds - Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the Town's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The Town had no fiduciary funds as of June 30, 2013.

Notes to Financial Statements – The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements follow the basic financial statements.

The notes of the financial statements are presented on pages 23 through 42.

Other Information – **In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information*.** This section includes budgetary comparison schedules, which include a reconciliation between the changes in the statutory fund balance for budgetary purposes and the changes in fund balances for the General Fund as presented in the governmental fund financial statements. **Required supplementary information follow the notes to the financial statements.**

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Analysis of the Town of Hopkinton's Net Position

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the Town of Hopkinton, assets exceeded liabilities by \$10,186,431 as of June 30, 2013.

In regard to the Town's net position (42.6%) consists of its investments in capital assets such as land, buildings and improvements, motor vehicles, furniture and equipment and infrastructure, less any debt used to acquire these assets which is still outstanding. The Town uses these capital assets to provide services to its citizens. Consequently, these assets are not available for future spending. Although the Town's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves are highly unlikely to be used to liquidate these liabilities.

TOWN OF HOPKINTON'S NET POSITION

	Governmental Activities		Business-Type Activities		Total	
	2012	2013	2012	2013	2012	2013
Current and other assets	\$ 6,779,501	\$ 7,307,988	\$ 81,338	\$ 85,405	\$ 6,860,839	\$ 7,393,393

Financial Analysis of the Town of Hopkinton's Funds

Governmental Funds – The focus of the Town of Hopkinton's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Town's financing requirements. In particular, the unassigned fund balance may serve as a useful measure of the Town's net resources available for spending at the end of the fiscal year.

At the end of the current fiscal year, 2013, the Town's governmental funds reported combined ending fund balances of \$6,359,345. The General Fund reported an unassigned fund balance of \$4,655,353 representing approximately 73.20% of total fund balance.

Restricted/Committed/Assigned	
General fund balance:	
Restricted	\$ 1,548
Committed	446,607
Assigned	<u>10,989</u>
Total Nonspendable/Restricted/ Committed/Assigned Fund Balance	<u>\$459,144</u>

Proprietary Funds – The Town of Hopkinton's proprietary fund statements provide the same type of information as presented in the government-wide financial statements, but in more detail.

Unrestricted net position of the Hopkinton Water Supply Fund is \$72,209.

The Town of Hopkinton's General Fund Budgetary Items

The Town General Fund shows an operating surplus of \$565,517. The budget was in excess of \$24 million this amount is 2.3% of the budget projections by Town officials. The largest surplus was in the Charge for Services of \$239,571 more than anticipated.

The Town of Hopkinton's Capital Assets

The Town of Hopkinton's investment in capital assets for its governmental and business-type activities amounts to \$4,949,090 net of accumulated depreciation at June 30, 2013. Included are land, buildings and improvements, motor vehicles, furniture and equipment, infrastructure, and construction in progress.

TOWN OF HOPKINTON'S CAPITAL ASSETS AT YEAR END NET OF ACCUMULATED DEPRECIATION

	Governmental		Business-type		Total	
	2012	2013	2012	2013	2012	2013

Total	<u>\$4,523,223</u>	<u>\$4,631,810</u>	<u>\$327,681</u>	<u>\$317,280</u>	<u>\$4,850,904</u>	<u>\$4,949,090</u>

The Town of Hopkinton Debt Administration

At the end of the current fiscal year, the Town of Hopkinton General Government had a total bonded debt of \$1,644,019.

TOWN OF HOPKINTON'S OUTSTANDING DEBT AT YEAR END BONDS, NOTES AND CAPITALIZED LEASES PAYABLE

	Gov Activities	Total
Gen Obligation Bonds	\$ 1,644,019	\$1,644,019
Capital Leases Payable	56,044	56,044
Amortized Premium on Bond	14,054	14,054
Totals	\$1,714,117	\$1,714,117

The State of Rhode Island imposes a limit of 3 percent of the fair market value of all taxable town property on the general obligation debt that a municipality can issue. The Town of Hopkinton's limit is \$27,360,993 at year-end. The Town's outstanding general obligation debt subject to the limit is \$1,644,019 at year-end, which is \$25,716,974 under the State imposed limitation.

Subsequent Fiscal Year 2013-2014 Budget and Tax Rates

The Town of Hopkinton's total general fund budget for fiscal year 13/14 is \$24,552,492, which reflects an increase of \$36,087 from the fiscal 12/13 budget. In the Town's 13/14 budget, \$18,524,639 or 75.45% is allocated for educational purposes and \$6,027,853 or 24.55% is budgeted for other purposes.

Of the \$18,524,639 budgeted for educational purposes, the State of Rhode Island has budgeted for fiscal year 13/14 to contribute \$5,521,254 to the Town's education expense and the Town is budgeted to contribute \$13,003,385.

The Town's tax rate for fiscal year 13/14 is \$19.77 per thousand for real estate and tangible personal property and \$21.18 per hundred for motor vehicles. The tax rate for fiscal year 12/13 was \$19.98 per thousand for real estate and tangible personal property and \$21.18 for motor vehicles.

Request for Information

The financial report is designed to provide our citizens, taxpayers, and creditors with a general overview of the Town's finances and to show the Town's accountability for the tax dollars received. If you have any questions about this report or need additional financial information, please contact the Finance Director, Hopkinton Thayer House, 482 Main Street, P O Box 139, Hopkinton, RI 02833.

TOWN OF HOPKINTON, RHODE ISLAND
Reconciliation of the Governmental Funds Balance Sheet
to the Government-Wide Statement of Net Position
June 30, 2013

Total Fund Balances - Total Governmental Funds	\$ 6,359,345
Amounts reported for Governmental Activities in the Statement of Net Position are different because:	
Capital assets used in Governmental Activities are not current financial resources and, therefore, are not reported in the Governmental Funds Balance Sheet. See Note 5 to the financial statements.	4,631,810
Property taxes are recognized as revenue in the period for which levied in the Government-Wide Financial Statements, but are reported as deferred revenue (a liability) in Governmental Fund Financial Statements.	548,897
Other accounts receivable and revenues are not available to pay for current period expenditures and, therefore, are deferred in the Governmental Funds Financial Statements.	137,551
Interest payable on long-term debt does not require current financial resources. Therefore, interest payable is not reported as a liability in Governmental Funds Balance Sheet.	(17,942)
Long-term liabilities (including bonds payable, compensated absences and leases payable) are not due and payable in the current period and, therefore, are not reported in the Governmental Funds Balance Sheet. See Note 6 to the financial statements.	(1,890,087)
Debt issuance costs are reported as expenditures in the Governmental Fund Financial Statements. The costs net of accumulated amortization are reported as an other asset in the Government-Wide Financial Statements.	<u>27,368</u>
Net Position - Governmental Activities	<u><u>\$ 9,796,942</u></u>

The accompanying notes are an integral part of the basic financial statements.

TOWN OF HOPKINTON, RHODE ISLAND
Reconciliation of the Governmental Funds Statement of Revenues, Expenditures and
Changes in the Fund Balances to Government-Wide Statement of Activities
For the Year Ended June 30, 2013

Net Changes in Fund Balances - Total Governmental Funds	\$ 472,097
 Amounts reported for Governmental Activities in the Statement of Activities are different because:	
Governmental Fund Financial Statements report capital outlays as expenditures. However, in the Government-Wide Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense.	
This is the amount of capital assets recorded in the current period.	414,019
This is the loss on capital assets disposed of in the current period.	(14,275)
Depreciation expense on capital assets is reported in the Government-Wide Statement of Activities, but does not require the use of current financial resources. Therefore, depreciation expense is not reported as an expenditure in the Governmental Fund Financial Statements.	
	(291,157)
Long-term compensated absences are reported in the Government-Wide Statement of Activities, but do not require the use of current financial resources. Therefore, compensated absences are not reported as expenditures in Governmental Fund Financial Statements. The following amount represents the change in long-term compensated absences from the prior year.	
	(45,825)
New loans made during the year are reported as expenditures in the Governmental Fund Financial Statements, but increase other receivables in the Government-Wide Statement of Net Position.	
	34,395
Repayment of bond and lease principal is an expenditure in the Governmental Fund Financial Statements, but the payments reduce long-term liabilities in the Government-Wide Statement of Net Position.	
	203,200
Accrued interest expense on long-term debt is reported in the Government-Wide Statement of Activities, but does not require the use of current financial resources. Therefore, accrued interest expense is not reported as an expenditure in the Governmental Fund Financial Statements. The following amount represents the change in accrued interest expense from the prior year.	
	1,543
Proceeds from the issuance of debt are an other financing source in the Governmental Fund Financial Statements, but the issuance of debt increases long-term liabilities in the Government-Wide Statement of Net Position.	
This amount represents debt issued during the current period.	(70,950)
Debt issued at a premium provide current financial resources to Governmental Funds, but are deferred and amortized in the Government-Wide Financial Statements. Debt issuance costs are expenditures in the Governmental Funds, but are deferred and amortized in the Government-Wide Financial Statements.	
This amount represents the amortization of bond premium during the current period.	780
This amount represents the amortization of debt issuance costs during the current period.	(1,520)
Revenues reported in prior periods in the Statement of Activities that are not reported in Governmental Funds until the revenues are measurable and available.	
	<u>64,009</u>
 Change in Net Position - Governmental Activities	 <u><u>\$ 766,316</u></u>

Notes to Financial Statements

June 30, 2013

The financial statements of the Town of Hopkinton, Rhode Island, have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The following notes to the financial statements are an integral part of the Town's financial statements.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. REPORTING ENTITY

The Town of Hopkinton was incorporated in 1757 and operates under a Home Rule Charter adopted in November 2002. The Charter provides for a Town Council-Town Manager form of government. All legislative powers of the Town, except such powers as reserved by State Law or vested in the Financial Town Meeting by the Charter and by-laws enacted by the Town Council, are vested in the Town Council, including the ordering of any tax, making of appropriations, and transacting any other business pertaining to the financial affairs of the Town.

In evaluating the inclusion of other separate and distinct legal entities as component units within its financial reporting entity, the Town applied the criteria prescribed by GASB Statement No. 14, as amended by GASB Statement No. 39, "Determining Whether Certain Organizations are Component Units" and GASB Statement No. 61 "Financial Reporting Entity-Omnibus". A component unit is a legally separate organization for which the elected officials of the primary government are financially accountable or based on the nature and significance of the organization's relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading. Through the application of GASB Statements Nos. 14, 39, and 61 criteria, the Hopkinton Land Trust (the Trust) has been discretely presented as a component unit of the Town in the government-wide financial statements.

The Trust was established in fiscal year 2000 by the Hopkinton Town Council pursuant to special State legislation enacted by the General Assembly in the same year. The Trust was established as a body politic and corporate and a public instrumentality. It has the authority to acquire, hold and manage real property and interests therein, including development rights situated in the Town of Hopkinton, with the exception of property acquired for public historical preservation purposes. The Trust may hold property or development rights solely as open space or for agricultural uses, water purposes, public access or prevention of accelerated residential or commercial development. Trustees are appointed by the Town Council and the Trust can impose a financial burden upon the Town in the form of financial support and financing of operating deficits. The Trust holds economic resources (land and land rights) entirely for the direct benefit of the Town. The Trust does not issue separate financial statements.

TOWN OF HOPKINTON, RHODE ISLAND

Notes to Financial Statements

June 30, 2013

B. BASIS OF PRESENTATION

Government-Wide Financial Statements

The Town's Government-Wide Financial Statements include a Statement of Net Position and Statement of Activities. The statements present summaries of governmental and business-type activities accompanied by a total column. Fiduciary activities of the Town are not included in these statements.

The Statement of Activities presents a comparison between expenses and program revenue for each function of the Town's governmental activities and changes in net position. Program revenues include a) fees, fines and charges paid by the recipients of goods or services offered by the programs and b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements

The accounts of the Town are organized on the basis of funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts which constitute its assets, liabilities, fund equity, revenues, and expenditures/expenses. Governmental resources are allocated to and accounted for in individual funds to demonstrate legal compliance and to aid management by segregating transactions related to specific Town functions or activities. Funds are organized into three major categories: governmental, proprietary and fiduciary. Governmental Fund Financial Statements include a Balance Sheet and a Statement of Revenues, Expenditures and Changes in Fund Balances for all major governmental funds and non-major funds aggregated. An accompanying schedule is presented to reconcile and explain the differences in fund balances and changes in fund balances as presented in these statements to the net position and changes in net position presented in the Government-Wide Financial Statements. Proprietary Fund Financial Statements include a Statement of Net Position, a Statement of Revenues, Expenses and Changes in Fund Net Position, and a Statement of Cash Flows. Fiduciary Fund Financial Statements include a Statement of Net Position and a Statement of Changes in Fiduciary Net Position. An emphasis is placed on major funds, each displayed in a separate column. A fund is considered major if it is the primary operating fund of the Town or meets the following criteria:

- a. Total assets, liabilities, revenues, or expenditures/expenses of that individual governmental fund or enterprise fund are at least ten percent of the corresponding total for all funds of that category or type, and
- b. Total assets, liabilities, revenues or expenditures/expenses of the individual governmental fund or enterprise fund are at least five percent of the corresponding total for all governmental and enterprise funds combined.

TOWN OF HOPKINTON, RHODE ISLAND

Notes to Financial Statements

June 30, 2013

All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds.

Fund types used by the Town and a description of the funds comprising each are as follows:

Governmental Funds:

General Fund – The General Fund is the primary operating fund of the Town and is always classified as a major fund. It is used to account for all activities not accounted for in another fund.

Special Revenue Funds – Special revenue funds are used to account for the proceeds of specific revenue sources that are restricted or committed to expenditures for specific purposes other than debt service or capital projects. The Town has no major special revenue funds for the year ended June 30, 2013.

Capital Project Funds – Capital project funds are used to account for resources that are restricted, committed or assigned for the acquisition or construction of capital facilities or other capital assets. The Town has no major capital projects funds for the fiscal year ended June 30, 2013.

Permanent Funds – Permanent funds account for assets held by the Town where the principal portion must remain intact, but the earnings may be used to achieve the objectives of the fund. The Town had no major permanent funds for the fiscal year ended June 30, 2013.

Proprietary Funds:

Proprietary funds are used to account for business-type activities provided to the general public. These activities are financed primarily by user charges and the measurement of financial activity focuses on net income measurement similar to the private sector.

Enterprise funds are used to finance and account for the acquisition, operation, and maintenance of the Town's facilities and services that are supported primarily by user charges. For the year ended June 30, 2013, the Town had one proprietary fund, the Water Supply Fund, which is a major fund.

The Water Supply Fund accounts for the purchase of water from the Town of Richmond, which it sells to Town users.

Fiduciary Funds:

Fiduciary funds are used to report assets held by the Town in a trustee or agency capacity and, therefore, cannot be used to support the Town's own programs. For the year ended June 30, 2013, the Town had no fiduciary funds.

TOWN OF HOPKINTON, RHODE ISLAND

Notes to Financial Statements

June 30, 2013

C. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

The Government-Wide Financial Statements are reported using the “economic resources” measurement focus and the accrual basis of accounting. Accordingly, all the Town’s assets and liabilities, including capital assets, infrastructure assets, and long-term liabilities, are included in the Statement of Net Position. Revenues are recorded when earned and expenses are recorded when a liability is incurred. Property taxes are recognized as revenue in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental Fund Financial Statements are reported using the “current financial resources” measurement focus and the modified accrual basis of accounting. Accordingly, only current assets and current liabilities are included on the balance sheet. The Statement of Revenues, Expenditures and Changes in Fund Balances present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Revenues are recognized when susceptible to accrual. Susceptibility occurs when revenues are both measurable and available to finance expenditures of the current period. “Measurable” means the amount of the transaction can be determined and “available” means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period (generally sixty days). Expenditures, including capital outlays, are recognized when a liability has been incurred, except for those involving debt service and other long-term obligations that are recognized when paid.

Those revenues susceptible to accrual are property taxes and intergovernmental revenues. Fines, licenses and permit revenues are not susceptible to accrual because generally they are not measurable until received in cash and thus are recognized when received.

Proprietary funds are reported using the “economic resources” measurement focus and the accrual basis of accounting. Accordingly, all assets and liabilities (whether current or noncurrent) are included on the Statement of Net Position. The Statement of Revenues, Expenses and Changes in Net Position present increases (revenues) and decreases (expenses) in total net position. Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund’s principal ongoing operations. The principal operating revenues of the Town’s Enterprise Fund are charges to customers for sales and services. Operating expenses for the Enterprise Fund include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenue and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Fiduciary funds are reported using the “economic resources” measurement focus and the accrual basis of accounting. Agency funds are purely custodial and do not involve measurement of results of operations.

TOWN OF HOPKINTON, RHODE ISLAND

Notes to Financial Statements

June 30, 2013

D. CASH AND CASH EQUIVALENTS

For the purpose of the Statement of Cash Flows, the Town considers cash on hand, time and demand deposits and short-term investments maturing within three months from the date of acquisition to be cash equivalents.

E. INVESTMENTS

The Town reports investments at fair value.

F. PROPERTY TAXES

Property taxes are levied at the Annual Financial Town Meeting held in June at (a) one hundred percent of the full and fair value of real and tangible personal property owned within the Town as of the previous December 31; and, (b) the value, as determined by the Rhode Island Vehicle Valuation Commission, of vehicles registered within the Town the previous calendar year, prorated for the actual number of days registered. Taxes levied in June are payable between August 1 and September 8 or in quarterly installments by September 8, December 8, March 8 and June 8. Failure to make payments will result in a lien on the taxpayer's property.

Rhode Island General Laws restrict the Town's ability to increase either its total tax levy or its tax rates more than 4% over those of the preceding year.

G. INTERFUND TRANSACTIONS

Certain eliminations have been made as prescribed by GASB Statement No. 34 in regards to interfund activities, payables and receivables. All internal balances in the Statement of Net Position have been eliminated except those representing balances between the governmental activities and the business-type activities, which are presented as internal balances and eliminated in the total column.

Transactions between funds are fully presented within the fund financial statements with no elimination made between or within funds.

Reimbursements are accounted for as expenditures in the reimbursing fund and reductions to expenditures in the reimbursed fund. All other interfund transactions in the fund financial statements are reported as "transfers in" or "transfers out" on the statement of revenues, expenditures/expenses and changes in fund balances or net position.

Interfund receivables and payables are classified as "due from other funds" or "due to other funds" on the fund financial statements.

TOWN OF HOPKINTON, RHODE ISLAND

Notes to Financial Statements

June 30, 2013

H. CAPITAL ASSETS

Government-Wide Financial Statements:

In the Government-Wide Financial Statements, capital expenditures are accounted for as capital assets. All capital assets are valued at historical cost or estimated historical cost if actual is unavailable, except for donated capital assets, which are recorded at the estimated fair value at the date of donation.

Capitalized assets are defined by the Town as assets with an initial, individual cost of \$10,000 or more and an estimated useful life in excess of one year.

Under the provisions of GASB Statement No. 34, the Town retroactively accounted for infrastructure capital assets in fiscal year 2007. Infrastructure assets are defined generally as capital assets that are immovable and of value only to the governmental unit, including roads, bridges, sidewalks and street lighting.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's life are not capitalized.

Depreciation of all exhaustible capital assets is recorded as an allocated expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Position. Depreciation is provided over the assets' estimated useful lives using the straight-line method. The range of estimated useful lives by type of asset is as follows:

	<u>Years</u>
Buildings and improvements	10-50
Motor vehicles	5-10
Machinery and equipment	5-20
Office furniture and equipment	5-10
Infrastructure/roadways (principally roads)	10-50
Water system	50

Fund Financial Statements:

Capital assets used in governmental fund operations are accounted for as expenditures.

I. DEBT PREMIUMS AND ISSUANCE COSTS

In the Governmental Fund Financial Statements, debt premiums and issuance costs are treated as period costs in the year of issue. Debt issuance costs are shown as an "expenditure" and debt premiums are reflected as an "other financing source".

In the Government-Wide Statements, debt premiums and issuance costs are deferred and amortized over the term of the debt. Debt premiums are presented as an addition to the face amount of the debt payable whereas issuance costs are recorded as other assets.

TOWN OF HOPKINTON, RHODE ISLAND

Notes to Financial Statements

June 30, 2013

J. COMPENSATED ABSENCES

Under the terms of various contracts and agreements, Town employees are granted vacation and sick leave in varying amounts based on length of service.

Vacation benefits are accrued as a liability based on the accumulated benefits earned at June 30. Sick leave benefits are based on the sick leave accumulated at June 30 by those employees who are currently eligible to receive termination payments and those employees for whom it is probable they will become eligible to receive termination benefits in the future. The liability is calculated at the rate of pay in effect at June 30, 2013.

The entire compensated absence liability is reported on the Government-Wide Financial Statements. For Governmental Fund Financial Statements, the amount of accumulated vacation and sick leave has been recorded as a current liability to the extent that the amounts are due to employees that have resigned or retired.

K. LONG-TERM OBLIGATIONS

In the Government-Wide Financial Statements, all accrued liabilities and long-term debt are reported.

In the Governmental Fund Financial Statements, long-term debt is generally recognized as a liability of a governmental fund when due. For other long-term obligations, only that portion expected to be financed from expendable available financial resources is reported as a fund liability of a governmental fund.

L. DEFERRED REVENUE

In the Governmental Fund Financial Statements, deferred revenue represents funds received in advance of being owed or receivables which will be collected and included in revenues of future fiscal years. In the General Fund, deferred revenues relate to delinquent property tax receivables balances less property tax amounts due as of the balance sheet date and received sixty days thereafter.

M. FUND EQUITY

Government-Wide Financial Statements:

The Government-Wide Financial Statements utilize a net position presentation. Net position is segregated into the following three components:

Net investment in capital assets – represents the net book value of all capital assets less the outstanding balances of bonds and other debt used to acquire, construct or improve these assets.

TOWN OF HOPKINTON, RHODE ISLAND

Notes to Financial Statements

June 30, 2013

Restricted – represents balances limited to uses specified either externally by creditors, grantors, contributors, laws or regulations of other governments or imposed through constitutional provisions or enabling legislation.

Unrestricted – represents the residual component of net position that does not meet the definition of “restricted” or “net investment in capital assets”.

Fund Statements:

Governmental fund equity is classified as fund balance. In the fund financial statements, fund balance is reported in classifications that comprise a hierarchy based primarily on the extent to which the Town is bound to honor constraints on the specific purpose for which amounts in those funds can be spent.

Nonspendable Fund Balance – This classification includes amounts that cannot be spent because they are not in spendable form or legally or contractually required to be maintained intact. The “not in spendable form” criteria includes items that are not expected to be converted to cash (e.g. inventories, prepaid amounts, and noncurrent receivables).

Restricted Fund Balance – This classification includes amounts that have constraints placed on the use of resources that are either externally imposed by creditors, grantors, contributors, or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance – This classification includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the Town’s highest level of decision-making authority.

Assigned Fund Balance – This classification includes amounts constrained by the Town’s intent to be used for specific purposes, but are neither restricted nor committed.

Unassigned Fund Balance – This classification is the residual fund balance for the General Fund. This classification represents fund balance that has not been assigned to another fund and that has not been restricted, committed, or assigned to specific purposes within the General Fund.

Committed fund balances are established, modified or rescinded by a resolution adopted at a Financial Town Meeting or an ordinance adopted by the Town Council. Assigned fund balances are authorized by the Finance Director. The Town considers restricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. The Town considers unrestricted fund balance classifications to be used in the following order when an expenditure is incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used: 1) committed; 2) assigned; and 3) unassigned.

TOWN OF HOPKINTON, RHODE ISLAND

Notes to Financial Statements

June 30, 2013

N. USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 – STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. LEGAL DEBT MARGIN

The Town’s legal debt margin as set forth by State Statute is limited to three percent of total taxable assessed value, which approximates \$27,360,993. As of June 30, 2013, the Town’s debt subject to the legal debt margin is \$1,644,019 and the Town is under the debt limit by \$25,716,974. The debt subject to the debt limitation is based on the type of debt that is issued.

B. DEFICIT FUND BALANCES

The following nonmajor funds have deficit fund balances as of June 30, 2013: CDBG 2011 - \$(282) and CDBG 2012 - \$(1,500).

NOTE 3 – CASH DEPOSITS

DEPOSITS – are in four financial institutions and are carried at cost. The carrying amount of deposits is separately displayed on the Balance Sheet and the Statement of Net Position as “Cash and Cash Equivalents”.

	<i>Carrying Amount</i>
Total Deposits	\$5,812,230
Add: Petty cash and cash on hand	5,801
<i>Total Cash and Cash Equivalents Reported in the Financial Statements</i>	<u>5,818,031</u>

CUSTODIAL CREDIT RISK – custodial credit risk is the risk that in the event of a bank failure, the Town’s deposits may not be returned to it. The Town does not have a formal deposit policy for custodial credit risk. As of June 30, 2013, \$5,101,435 of the Town’s bank balance of \$5,915,536 was exposed to custodial credit risk as follows:

TOWN OF HOPKINTON, RHODE ISLAND

Notes to Financial Statements

June 30, 2013

	<u>Bank</u> <u>Balance</u>
Insured (Federal depository insurance funds)	\$814,101
Collateralized with securities held by pledging financial institution's agent, but not in the Town's name	1,179,114
Uninsured and uncollateralized	<u>3,922,321</u>
Total	<u><u>\$5,915,536</u></u>

Under Rhode Island general laws, depository institutions holding deposits of the State, its agencies or governmental subdivisions of the State, shall at a minimum, insure or pledge eligible collateral equal to one hundred percent (100%) of the deposits, which are time deposits with maturities greater than sixty (60) days. Any of these institutions which do not meet minimum capital standards prescribed by federal regulators shall insure or pledge eligible collateral equal to one hundred percent (100%) of the deposits, regardless of maturity. At June 30, 2013, the Town's uncollateralized deposits with institutions were \$3,922,321. These deposits are held by institutions that meet the minimum capital standards prescribed by the federal regulators.

NOTE 4 – INVESTMENTS

The Town had no investments as of June 30, 2013. The Finance Director has control over the type of investments made. The Town does not have a formal investment policy or any other legally contracted agreement that limits the type of investments that may be made.

Interest Rate Risk – The Town does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk – The Town does not have a formal investment policy that limits its investment choices.

Concentration of Credit Risk – The Town places no limit on the amount the Town may invest in any one issuer.

TOWN OF HOPKINTON, RHODE ISLAND

Notes to Financial Statements

Land Trust Capital Assets, Net	<u>\$ 2,926,161</u>	<u>\$ 34,975</u>	<u>\$ -</u>	<u>\$ 2,961,136</u>

TOWN OF HOPKINTON, RHODE ISLAND
Notes to Financial Statements
June 30, 2013

Depreciation expense was charged as follows:

Governmental activities:	
General government	\$ 24,868
Public safety	58,150
Public works	177,862
Recreation	30,277
Total Depreciation Expense, Governmental Activities	<u><u>\$ 291,157</u></u>
Business-type activities:	
Water supply	\$ 10,401
Total Depreciation Expense, Business-Type Activities	<u><u>\$ 10,401</u></u>

NOTE 6 – LONG-TERM LIABILITIES

A. LONG-TERM LIABILITIES:

Changes in long-term liabilities during the year ended June 30, 2013 were as follows:

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Retirements</u>	<u>Ending Balance</u>	<u>Amounts Due Within One Year</u>
Governmental Activities:					
Bonds and capital leases payable:					
General obligation bonds payable	\$1,804,090	\$ -	\$ 160,071	\$1,644,019	\$ 162,266
Capital leases	28,223	70,950	43,129	56,044	32,413
Plus: amortized premium on bond	14,834	-	780	14,054	-
Total bonds and capital leases	<u>1,847,147</u>	<u>70,950</u>	<u>203,980</u>	<u>1,714,117</u>	<u>194,679</u>
Other liabilities:					
Accrued compensated absences	130,145	45,825	-	175,970	156,367
Total Governmental Activities					
Long-Term Liabilities	<u><u>\$1,977,292</u></u>	<u><u>\$ 116,775</u></u>	<u><u>\$ 203,980</u></u>	<u><u>\$1,890,087</u></u>	<u><u>\$ 351,046</u></u>

All debt of the Government Activities is general obligation debt. The payments on the bonds are paid from the General Fund. The capital leases are paid from an appropriation from the General Fund. The compensated absences are paid from the General Fund.

B. BONDS PAYABLE

Outstanding bonds payable are as follows:

<u>Purpose</u>	<u>Date Issued</u>	<u>Interest Rate</u>	<u>Maturity Date</u>	<u>Authorized and Issued</u>	<u>Outstanding June 30, 2012</u>	<u>New Issues</u>	<u>Maturities During Year</u>	<u>Outstanding June 30, 2013</u>
Rhode Island Clean Water Finance Agency	6/29/1994	3.04%	9/1/2014	\$ 1,346,179	\$ 203,321	\$ -	\$ 67,773	\$ 135,548
Police Station Fund: Dime Savings Bank	4/25/2003	5.00%	5/1/2023	900,000	600,769	-	42,298	558,471
Open Space	7/21/2011	2.5-4.375%	8/15/2031	1,000,000	<u>1,000,000</u>	<u>-</u>	<u>50,000</u>	<u>950,000</u>
Total governmental activities bonds payable					<u>\$ 1,804,090</u>	<u>\$ -</u>	<u>\$ 160,071</u>	<u>\$ 1,644,019</u>

At June 30, 2013 annual debt service requirements to maturity for bonds payable are as follows:

<u>Year ending June 30,</u>	<u>Governmental Activities</u>		
	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2014	\$ 162,266	\$ 65,509	\$ 227,775
2015	164,575	59,429	224,004
2016	99,168	54,489	153,657
2017	101,781	50,502	152,283
2018	104,467	46,315	150,782
2019-2023	561,762	162,509	724,271
2024-2028	250,000	71,094	321,094
2029-2032	200,000	17,500	217,500
	<u>\$ 1,644,019</u>	<u>\$ 527,347</u>	<u>\$ 2,171,366</u>

TOWN OF HOPKINTON, RHODE ISLAND
Notes to Financial Statements
 June 30, 2013

C. CAPITAL LEASE OBLIGATIONS

The Town has financed the acquisition of certain equipment through lease-purchase agreements.

Capital lease obligations currently outstanding are as follows:

<u>Purpose</u>	<u>Date Issued</u>	<u>Interest Rate</u>	<u>Maturity Date</u>	<u>Authorized and Issued</u>	<u>Outstanding June 30, 2012</u>	<u>New Issues</u>	<u>Retirements During Year</u>	<u>Outstanding June 30, 2013</u>
Police vehicle	1/11/2011	6.50%	1/11/2013	\$ 27,078	\$ 9,014	\$ -	\$ 9,014	\$ -
Police vehicle	11/3/2011	6.50%	11/3/2013	29,760	19,209	-	9,302	9,907
Police vehicle	4/4/2013	5.00%	4/4/2015	70,950	-	70,950	24,813	46,137
Total governmental activities capital leases					\$ 28,223	\$ 70,950	\$ 43,129	\$ 56,044

Obligations of governmental activities under capital leases at June 30, 2013 were as follows:

<u>Fiscal Year Ended June 30,</u>	<u>Lease Payment Requirements</u>
2014	\$ 35,364
2015	24,813
Total minimum lease payments	60,177
Less: Amount representing interest cost	(4,133)
Present value of minimum lease payments	<u>\$ 56,044</u>

TOWN OF HOPKINTON, RHODE ISLAND
Notes to Financial Statements
June 30, 2013

NOTE 7 – INTERFUND BALANCES

The Town reports interfund balances between many of its funds. Interfund balances at June 30, 2013 were as follows:

	<i>Due From:</i>		
	<i>General Fund</i>	<i>Nonmajor Governmental Funds</i>	<i>Total</i>
<i>Due To:</i>			
General Fund	\$ 134,293	\$ 38,810	\$ 173,103
Nonmajor Governmental Funds	452,502	-	452,502
Total	\$ 586,795	\$ 38,810	\$ 625,605

The balances primarily result from the time lag between the dates the 1) interfund goods and services are provided or reimbursable expenditures occur; 2) transactions are recorded in the accounting system; and 3) payments between funds are made.

NOTE 8 – INTERFUND TRANSFERS

	<i>Transfer From:</i>		
	<i>General Fund</i>	<i>Nonmajor Governmental Funds</i>	<i>Total</i>
<i>Transfer To:</i>			
General Fund	\$ -	\$ 8,375	\$ 8,375
Nonmajor Governmental Funds	391,650	3,500	395,150
Total	\$ 391,650	\$ 11,875	\$ 403,525

Transfers are used to move revenues from the fund that the budget requires to collect them, to the funds that the budget requires to expend them.

NOTE 9 – DISAGGREGATION OF RECEIVABLE AND PAYABLE BALANCES

A. ACCOUNTS RECEIVABLE

The Town disaggregates significant components of receivables in the financial statements. Receivable balances determined immaterial are included as other receivables. The Town expects to receive all receivables within the subsequent year, except for microloans which are due in accordance with individual loan amortization schedules. The real estate and personal property taxes include an allowance for doubtful accounts of \$160,907. The accounts receivable-user fees include an allowance for doubtful accounts of \$1,000.

TOWN OF HOPKINTON, RHODE ISLAND
Notes to Financial Statements
June 30, 2013

B. ACCOUNTS PAYABLE AND ACCRUED LIABILITIES

The accounts payable and accrued liabilities at June 30, 2013, were as follows:

	<u>Vendors</u>	<u>Salaries and Benefits</u>	<u>Other</u>	<u>Total</u>
Governmental Activities:				
General Fund	\$ 64,373	\$ 123,479	\$ 8,960	\$ 196,812
Nonmajor Governmental Funds	4,219	-	-	4,219
Total Governmental Activities	<u>\$ 68,592</u>	<u>\$ 123,479</u>	<u>\$ 8,960</u>	<u>\$ 201,031</u>
Business-Type Activities:				
Water Supply	\$ 13,196	\$ -	\$ -	\$ 13,196
Total Business-Type Activities	<u>\$ 13,196</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 13,196</u>

NOTE 10 – CHARIHO REGIONAL SCHOOL DISTRICT

The Chariho Regional School District (Regional School) was created to include a regional school for the Towns of Charlestown, Richmond and Hopkinton (the Towns), which encompasses grades K-12. The Regional School is a separate legal entity from the Town. The voters of the participating Towns elect the Regional School Committee. The Regional School cannot assess and levy property taxes. Revenues are derived principally from the participating Towns of the Regional School, which contribute funds according to a financial formula based upon each Town's enrollment, and from State aid to education. Financial statements for the Regional School District are issued separately and may be obtained from the Chariho Regional School District, 455A Switch Road, Wood River Junction, Rhode Island 02894.

NOTE 11 – RISK MANAGEMENT

The Town is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors or omissions; injuries to employees; and natural disasters. As a result, the Town participates in a nonprofit, public entity risk pool (Rhode Island Interlocal Risk Management Trust, Inc.) (the Trust) which provides coverage for property/liability and workers' compensation claims. Upon joining the Trust, the Town signed a participation agreement which outlines the rights and responsibilities of both the Trust and the Town. The agreement states that for premiums paid by the Town, the Trust will assume financial responsibility for the Town's losses up to the maximum amount of insurance purchased, minus the Town's deductible amounts. The Trust provides this insurance coverage through a pooled, self-insurance mechanism which includes reinsurance purchased by the Trust to protect against large, catastrophic claims above the losses the Trust retains internally for payment from the pooled contributions of its members. Settled claims resulting from these risks have not exceeded the Trust coverage in any of the past three fiscal years. There have been no significant reductions in insurance coverage during the year ended June 30, 2013.

TOWN OF HOPKINTON, RHODE ISLAND
Notes to Financial Statements
June 30, 2013

NOTE 12 – LITIGATION AND CONTINGENCIES

Litigation:

The Town is a party to various claims, legal actions and complaints. It is not presently possible to determine the outcome of these cases. In the opinion of the Town's management and Town Solicitor, these matters are not anticipated to have a material financial impact on the Town.

Other Contingencies:

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the Town expects such amounts, if any, to be immaterial.

NOTE 13 – OPERATING LEASES

The Town leases one-half of the Thayer House to the U.S. Postal Service under an operating lease expiring in fiscal year 2016. Future minimum lease payments to be received by the Town are as follows:

<u><i>Year Ending June 30,</i></u>	
2014	\$12,835
2015	12,835
2016	<u>3,209</u>
	<u>\$28,879</u>

NOTE 14 – SUBSEQUENT EVENT

On October 4, 2013, the Town issued a bond anticipation note in the amount of \$700,000. The note matures on October 2, 2014 and bears interest of 1.49%.

NOTE 15 – PENSION PLAN

MUNICIPAL EMPLOYEES' RETIREMENT SYSTEM OF THE STATE OF RHODE ISLAND

Effective July 1, 2012, the Municipal Employees' Retirement System (MERS) was modified as the result of the enactment of the Rhode Island Retirement Security Act of 2011, to include both defined benefit and defined contribution plan components.

Defined Benefit Plan Description

The Town of Hopkinton participates in the Municipal Employees' Retirement System (MERS), an agent multiple employer defined benefit plan administered by the State of Rhode Island. All Town

TOWN OF HOPKINTON, RHODE ISLAND

Notes to Financial Statements

June 30, 2013

employees participate in the MERS. The payroll for employees covered by the MERS for the year ended June 30, 2013 was \$2,405,054 (General employees - \$1,599,115; Police officers - \$805,939).

The plan provides retirement, disability and death benefits to plan members and beneficiaries. The level of benefits provided to members are established by Rhode Island General Laws, Title 45, Chapters 19, 19.1, 21, 21.1, 21.2 and 21.3 and may be amended by the General Assembly.

Funding Policy

General employees are required by State Statute to contribute 1% of their annual earnings. The contribution rate is increased to 2% with the optional cost-of-living provision. Police and firefighters are required by State Statute to contribute 7%. The contribution rate is increased to 8% with the optional cost-of-living provision. The Town is required to contribute based on an actuarially determined amount and as provided by State Statute for each participating municipality. The Town contribution rate for fiscal year 2013 was 6.01% of covered payroll for general employees and 14.17% for police officers.

Annual Pension Cost

For fiscal 2013, the Town's annual pension cost of \$210,309 for the MERS was equal to the Town's required and actual contributions.

Three-Year Trend Information

GENERAL MUNICIPAL EMPLOYEES

2012	\$216,043	100%	\$ -
2013	\$114,202	100%	\$ -

TOWN OF HOPKINTON, RHODE ISLAND

Notes to Financial Statements

June 30, 2013

The required contribution was determined as part of the June 30, 2010 actuarial valuation. The actuarial method used is the entry age actuarial cost method. Under this method, the employer contribution rate is the sum of (i) the employer normal cost rate, and (ii) a rate that will amortize the unfunded actuarial accrued liability. Significant actuarial assumptions used in the June 30, 2010 valuation include the following:

- 1) Investment return – 7.5%, compounded annually, composed of an assumed 2.75% inflation rate and a 4.75% net real rate of return
- 2) Projected salary increases – a service related component, plus a 4% wage inflation assumption for general employees or a 4.25% wage inflation assumption for police/fire.
- 3) Post-Retirement Benefit Increase – Assumed to be 2% per annum for all units. The actual COLA will be determined based on the plan's five-year average investment rate minus 5.5% and will range from zero to 4.0%.

The actuarial value of assets is based on the market value of assets with a five-year phase-in of actual investment return in excess of (less than) expected investment income. The MERS' unfunded actuarial accrued liability is being amortized over 25 years as a level percentage of payroll on a closed basis. The remaining amortization period at June 30, 2010 was 25 years.

Funded Status and Funding Progress

Information on the funded status and funding progress of each plan as of June 30, 2012, the most recent actuarial valuation date, is as follows:

- **General Employees** – The plan was 113.4% funded. The actuarial accrued liability for benefits was \$3,855,774, and the actuarial value of assets was \$4,374,065, resulting in an unfunded actuarial accrued liability (UAAL)/ (Funding Excess) of \$(518,291). The covered payroll (annual payroll of active employees covered by the plan) was \$1,546,023, and the ratio of the UAAL/ (Funding Excess) to covered payroll was (33.5%).
- **Police Officers** – The plan was 72.2% funded. The actuarial accrued liability for benefits was \$6,592,207, and the actuarial value of assets was \$4,760,429, resulting in an unfunded actuarial accrued liability (UAAL) of \$1,831,778. The covered payroll (annual payroll of active employees covered by the plan) was \$896,032, and the ratio of the UAAL to covered payroll was 204.4%.

The June 30, 2012 actuarial valuation uses the actuarial method and assumptions described under Annual Pension Cost.

The schedule of funding progress, presented as RSI following the notes to the financial statements, presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability.

TOWN OF HOPKINTON, RHODE ISLAND
Notes to Financial Statements
June 30, 2013

Defined Contribution Plan Description

General employees participating in the defined benefit plan, as described above, also participate in a defined contribution plan of the Municipal Employees' Retirement System as authorized by Rhode Island General Law Chapter 36-10.3. The defined contribution plan is established under IRS section 401(a) and is administered by TIAA-CREF. Employees may choose among various investment options available to plan participants. Employees contribute 5% of their annual covered salary and the Town contributes 1% of annual covered salary. Employee contributions are immediately vested while Town contributions are vested after three years of contributory service. Contributions required under the plan by both the employee and employer is established by Rhode Island General Laws, which are subject to amendment by the General Assembly.

Amounts in the defined contribution plan are available to participants in accordance with Internal Revenue Service guidelines for such plans.

The Town contributed \$15,340 for the fiscal year ended June 30, 2013 (which was the first year of the defined contribution plan), equal to 100% of the required contributions for that year. Employees contributed \$76,882 for the fiscal year ended June 30, 2013.

The State of Rhode Island's Municipal Employees' Retirement System issues a publicly available annual financial report that includes financial statements and required supplementary information. That report may be obtained from the administrative offices of the State of Rhode Island Retirement Board, 50 Service Avenue, Warwick, Rhode Island 02886 or at www.ersri.org.

(1) The June 30, 2010, 2011 and 2012 actuarial valuation amounts reflect the comprehensive pension reform changes enacted by the Rhode Island General Assembly in November 2011. The original June 30, 2010 actuarial valuation amounts were revised to reflect the pension reform changes.

TOWN OF HOPKINTON, RHODE ISLAND
Notes to Required Supplementary Information
June 30, 2013

NOTE 2 – BUDGETARY DATA AND BUDGETARY COMPLIANCE

The Town has formally established budgetary accounting control for its General Fund. It is the responsibility of the Town Manager together with the Finance Director’s recommendation to submit to the Town Council and make available to the general public a proposed General Fund budget for the fiscal year. The Town Council may then revise and adopt a recommended General Fund budget. A public hearing is conducted on the recommended General Fund Budget and the final recommended budget is approved by the voters and legally enacted at the Annual Financial Town Meeting. The General Fund operating budget is supported by revenue estimates and take into account the elimination of accumulated deficits and the re-appropriation of accumulated surpluses to the extent necessary. The budget approved and adopted at the Annual Financial Town Meeting reports the amount budgeted for each department, including the Regional School District, therefore, the legal level of control for the General Fund is at the departmental level. Amendments that would change the total appropriation must be approved by the voters and Town Council at a Financial Town Meeting. There were no supplemental budgetary appropriations in fiscal year 2013. Appropriations which are not expended or encumbered lapse at year end.

The General Fund budget is in conformity with the legally enacted budgetary basis, which is not in conformity with generally accepted accounting principles. The budget to actual presentation for the General Fund reported as required supplementary information is reflected on the budgetary basis. Differences between the budgetary basis and the generally accepted accounting principles basis are as follows:

	<i>General Fund</i>
<u>Revenues and Other Financing Sources</u>	
Revenues and other financing sources – budgetary basis	\$25,140,240
Use of fund balance is not revenue for financial reporting purposes.	(60,000)

*FY ending 2004 and 2006 Commercial property is included in the residential property valuation

Notes:

The State of Rhode Island has enacted legislation limiting the cap on property tax levy growth for cities and towns.

The cap was set at 5.5% in FY 2007-2008 reducing by .25% until FY 2012-13 when a 4% cap will be reached. FY 2012-13 tax cap was 4.0%.

Revaluation of real property is required by State law every 9 years. Hopkinton had a full revaluation in FY 2002-2003.

Statistical revaluations are required every 3 years. Hopkinton was not required to have statistical revaluations in FY 2008-2009 as

Hopkinton, Richmond, and Charlestown were to all be on the same revaluation cycle with a full revaluation in FY 2011-12.

Property is assessed at actual market value.

Inventory taxes were phased out in 2008 under RI General Law 44-3-29.1

Total Direct Tax Rate is the weighted average of all individual rates applied by the Town. The Motor Vehicle rate has been frozen since 2000 at \$21.18. In fiscal year 2012-2013 the property tax rate, excluding motor vehicles, was \$19.98.

***REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS***

To the Honorable President and
Members of the Town Council
Hopkinton, Rhode Island

We have audited in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of the Town of Hopkinton, Rhode Island, as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the Town of Hopkinton, Rhode Island's basic financial statements, and have issued our report thereon dated November 25, 2013.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Town of Hopkinton, Rhode Island's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town of Hopkinton, Rhode Island's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town of Hopkinton, Rhode Island's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and responses, we identified certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiency described in the accompanying schedule of findings and responses as item 13-1 to be a material weakness.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiency described in the accompanying schedule of findings and responses as item 13-2 to be a significant deficiency.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town of Hopkinton, Rhode Island's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Town of Hopkinton, Rhode Island's Response to Findings

The Town of Hopkinton, Rhode Island's response to the findings identified in our audit are described in the accompanying schedule of findings and responses. The Town of Hopkinton, Rhode Island's response was not subjected to the audit procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Bacon & Company, LLC

Warwick, Rhode Island
November 25, 2013

TOWN OF HOPKINTON, RHODE ISLAND
Schedule of Findings and Responses
For the Fiscal Year Ended June 30, 2013

SEGREGATION OF DUTIES

13-1 Material Weakness - The Finance Director and the Assistant to the Finance Director have job responsibilities that result in a lack of segregation of duties and as a result a weakness in internal controls. The same individual should not have custody of assets and also be responsible for initiating and recording transactions.

The Finance Director has complete responsibility for the general ledger and all financial reporting and is also responsible for signing checks, preparing and posting certain journal entries, reconciling the cash accounts, making deposits, authorizing certain payment vouchers and wiring cash between accounts.

The Assistant to the Finance Director is authorized to sign checks in the Finance Director's absence and is also responsible for preparing and posting journal entries, preparing the biweekly payroll, processing and preparing all vendor checks, accepting and preparing departmental deposits, and reconciling the cash accounts.

Recommendation - We recommend that the Town review the current job responsibilities within the Finance Department and take the appropriate steps to segregate certain duties, to ensure that the same individual is not responsible for custody of assets, and initiating and recording receipts and disbursements. In addition, all journal entries prepared should be reviewed and approved by a responsible official independent from the person responsible for preparing the journal entry. We also recommend that the Town consider adding staff to the Finance Department to allow for the proper segregation of duties and to strengthen the internal controls. Alternatively, internal controls in the Finance Office could also be strengthened by the monthly review of financial reports and reconciliations by an independent responsible official with knowledge of Town operations and financial reporting and accounting.

Management Response - The Finance office acknowledges the need for additional staffing and has requested the additional funding in the budget.

13-2 Significant Deficiency - The Tax Collector has job responsibilities that results in a lack of segregation of duties and as a result a weakness in internal controls. Due to staff limitations, the Tax Collector is responsible for accepting and recording tax payments, reconciling the daily receipts, preparing and making the daily deposit at the bank, posting abatements and monitoring delinquent accounts. The Tax Collector has custody of assets and is also responsible for initiating and recording transactions.

Recommendation - We recommend that the Town review the current job responsibilities of the Tax Collector to attempt to segregate certain responsibilities. We suggest that internal controls could be improved by having all daily reconciliation procedures completed by two individuals. We also recommend that delinquent accounts and adjustments to the subsidiary ledger be reviewed by another independent individual, in addition to the Tax Collector.

TOWN OF HOPKINTON, RHODE ISLAND
Schedule of Findings and Responses
For the Fiscal Year Ended June 30, 2013

Management Response - The Collection office acknowledges the need for additional staffing but the funding is not available in this economic environment. The issue will be raised during the budget process.
